Steve Kuchera AKA heavenly-bearded
Aragon Ballroom, Chicago, IL
Location: Rail, Robin Side

My good friend Alex Bissen
AKA Lexton snuck in the gear
for me this night. Once again,
recording from the rail proved
to give a terrible recording. I
received an Alan Ruben drumstick
for being first in line again.
The setlist gave a few surprises.
Fucking TROLL Trent teasing
the fragile over and over again.
Fingers crossed for you NOLA folks.
Sin & The Becoming were pleasant
surprises. And all that could have
been debut - I don't need to say
anything else about that. Everyone
around me in tears. Once again,
I left the rail during Hurt and
made my way out to secure
my spot for round 3. Camped out
overnight for our third straight
night. Stellar performance from
NIN like always.
